RG104 E-1 Box 135 Aug-Sep 1885

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., September 9, 1885.

Sir: With reference to yours of the 8th: It does not seem necessary to trace the loss of the musket any further. I merely want, and I now require, a simple schedule of the number of muskets on hand and number lost, without further verbal statements, to submit to the Ordnance Office, by way simply of rendering an account.

Very respectfully,

J. A. Kimball

Director

Hon. Daniel M. Fox,
Superintendent Mint,
Philadelphia.
